

58 Refurbishment Imperial College

Stage: RIBA Stage 1 to Completion Project Value: Undisclosed
Location: London Completion: June 2020
Sector: Education Estates

Quest Interiors client focused and professionally managed approach ensured that this project was delivered to programme and budget.

Imperial College
July 2020

Quest were asked to refurbishment and replenish the grade 1 listed interior of one of Imperial College's prime site buildings. We worked closely with specialist trades to ensure the character and style of the existing interior was maintained, whilst also bringing back a much-needed lift !

Works included a new external terrace to extent the existing ground floor restaurant, to refurbishing the existing marble flooring. The project had to ensure the existing tenants where not disrupted from there daily duties, and detailed planning was key.
