

Refectory

Regent's University

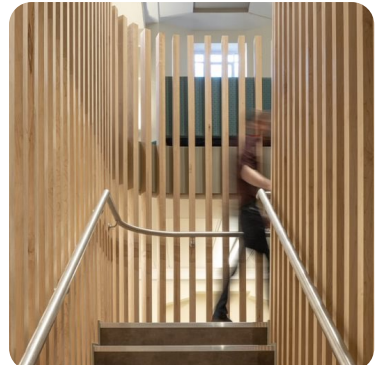

Stage: RIBA Stage 1 to Completion **Project Value:** Undisclosed
Location: London **Completion:** July 2019
Sector: Education Estates

Quest ensured we created a truly remarkable space for our students.

Regent's University
 August 2019

Quest were asked to take a feasibility report from desktop to realisation. The refectory project was a rewarding project producing both a high-quality finish and precise detailing with coordinating services.

It was completed in two phases, with the main structure and foundations completed within the University's Christmas break. The remaining fit out was completed during the following Easter break. Overall the project was completed in only 6 weeks.
